

Department of Computer Science and Engineering, since its inception in 2002 carried out research works in various domains. Faculty members of CSE department are actively engaged in research work. Numbers of research papers have been published in various reputed National and International Conferences and Journals (IEEE, Springer, Elsevier, Inderscience etc.). Faculty members also encourage the students not only in academic programs and extracurricular activities, but also in research work. Final year students have published research papers based on their academic project. Besides pursuing their carrier at industries many of our passed out students are also engaged in academic programs and research works at various renowned and reputed universities in US & UK.

❖ **Research Domains:**

- Privacy and Security in Collaborative Computing
- Medical Image Processing
- Data Mining
- Knowledge Engineering
- Pattern Recognition
- Computer Vision
- Quantum Computing
- Speech Processing
- Soft Computing
- Bioinformatics
- Distributed Computing
- Software Engineering
